Whether even if the Supdt. of Stamps is empowered to impress stamps on share transfers, it is necessary to issue share transfer stamps of higher values, as in some cases the person transferring his shares to another may not like the transfer being made public. If the transferred shares have to be sent to the Supdt. of Stamps for being impressed with a stamp, secrecy of the transaction will be impossible. Sir,

In forwarding herewith copy of letter No.210 dated 6th January 1921 from the Superintendent of Stamps in Mysore as well as that of letter dated 5th January 1921 from the Agents - Bangalore Woollen, Cotton and Silk Mills Company, Limited., addressed to the Superintendent of Stamps, I have the honor to state that I concur with the views of the Superintendent in the matter of issuing Share Transfer Stamps of the value of more than Rupees Five by impressing the required share certificates with the General Stamp die used for stamping private documents and surcharging the impressions with the words "Transfer Stamps" in black across the figure of the double-headed eagle. I request that sanction of Government may kindly be accorded to my proposal very early.

Letter No. 210 Enc.one dated 6th January 1921 from the Superin-tendent of Stamps in Mysore to the Commissioner of Stamps in Mysore, Bangalore.

+-+-+-+-+-+

Adverting to your No. C.R.127/20-21 dated 30th December 1920 asking me to ascertain from the Agents of the Bangalore Woollen Cotton and Silk Mills Company, Limited., as to the number of Transfer stamps of specied values which they ~~may~~ may require annually, I have the honor to forward herewith, in original, (to be kindly returned when done with) the letter dated 5th January 1921 received from them late yesterday.

When the question of issuing new stamps for Share - Transfer was taken up, the Government in consideration of the small demand of these stamps in the State, were disinclined to incur additional outlay by ordering new dies for the manufacture of these stamps. In their Notification No. Fl.1684--S.R. 5-14-2 dated 6th October 1915, therefore, it was proclaimed that Court-fee adhesive labels of the new design with the name of the stamp and its value overprinted thereon would be issued to the public for the purpose of " Share Transfer ". As the - Court-fee adhesive labels ranged up to only Rupees Five in - - value and in the light also of the previous year's experience (the highest stamp value maintained even then was only Rupees Five) this maximum limit for an individual value under these stamps was considered sufficient.

Signs indicative of the Industrial and Commercial - development in the State are not now wanting and I believe - that in the near future the Government may have to consider - the issue of higher values and in a more convenient form also, since the size of the present labels is too big for the narrow space left for each endorsement of transfer on the back of a share certificate issued by a Bank or an Industrial Company.

The

The reply from the Company now under reference offers no - - encouragement to us to think of recommending to the Government for issue of higher values manufactured out of a special set of dies. To meet the present exigency and similar ones - in the future, which I think will be few and far between, I would, therefore, propose that the share certificate be ~~impr~~= impressed with the General Stamp die now used by the Stamp Manufactory for stamping documents with the surcharge - - - - "Transfer Stamp" in black across the figure of the double-- headed eagle to represent stamp duty above Rupees Five.

If this course be approved Rule 34 of the Rules for the Control, Manufacture etc., of Stamps, passed under G.O.No Fl.2270-79/ S.R.175-13-4 dated 2nd November 1916 has to be - altered slightly.
